Do you need help with rent or utilities?

You may be eligible for the CA COVID-19 Rent Relief program.

Financial assistance is available from the State of California for income eligible renters and their landlords who have been impacted by COVID-19 and have past due rent or utilities, or who need help with upcoming rent or utilities.

Both renters and landlords are encouraged to apply.

Assistance is available for unpaid rent dating back to April 1, 2020, as well as for future rent.

Assistance is also available for unpaid utility payments dating back to April 1, 2020, or for future utility payments, which will both be compensated at 100% of cost, limited to a total of 12 months, and paid directly to the utility provider.

Assistance from the CA COVID-19 Rent Relief program does not count as earned income and will not affect eligibility for any other state benefit assistance programs.

All applicant information is kept private and will not be shared.

Income eligible applicants may qualify regardless of immigration status and will not be required to show proof of citizenship.

AFFORDABLE CONNECTIVITY PROGRAM

WHAT IS IT?

The Affordable Connectivity Program is an FCC program that helps connect families and households struggling to afford internet service.

The benefit provides:

- Up to \$30/month discount for internet service;
- Up to \$75/month discount for households on qualifying Tribal lands; and
- A one-time discount of up to \$100 for a laptop, desktop computer, or tablet purchased through a participating provider.

WHO IS ELIGIBLE?

A household is eligible if one member of the household meets at least one of the criteria below:

- Has an income that is at or below 200% of the Federal Poverty Guide lines;
- Participates in certain assistance programs, such as SNAP, Medicaid, Federal Public Housing Assistance, SSI, WIC, or Lifeline;
- Participates in Tribal specific programs, such as Bureau of Indian Affairs General Assistance, Tribal TANF, or Food Distribution Program on Indian Reservations;
- Is approved to receive benefits under the free and reduced-price school lunch program or the school break fast program, including through the USDA Community Eligibility Provision;
- Received a Federal Pell Grant during the current award year; or
- Meets the eligibility criteria for a participating broadband provider's existing low-income program.

TWO STEPS TO ENROLL

1

Go to AffordableConnectivity.gov to submit an application or print out a mail-in

2

Contact your preferred participating provider to select an eligible plan and have the discount applied to your bill.

Some providers may have an alternative application that they will ask you to complete.

Eligible households must both apply for the program and contact a participating provider to select a service plan.
